

## London / Olympic Park Outing – 26/10/11

After an 8.30 start in a comfortable Galloway's coach we met Ian, our Tour Guide, at Colchester, who provided a most informative commentary for the whole of the outing.

First stop was at docklands for coffee and the Dockland's Museum, before moving on to the Olympic Park with fine views of the whole Park area, the Stadium and the Viewing Tower (which is to have a second viewing platform added where access will be by the spiral walkway or a lift).

We then toured the area viewing other Olympic Game's sites, stopping at Greenwich for lunch and the National Maritime Museum.

The return journey was via the Woolwich Ferry, with excellent views of the Thames and the Thames Barrier.

Our thanks to all who organised the outing. Mike Hitchcock
